Board of Commissioners and Citizens of the Palatine Park District
Palatine Park District
Palatine, Illinois

Honorable Commissioners:

The Annual Comprehensive Financial Report of the Palatine Park District for the fiscal year ended December 31, 2023, is hereby respectfully and formally submitted. Chapter 70, Section 1205, of the Illinois Compiled Statutes requires that Districts secure a licensed public accountant to perform an annual audit of the financial statements. The firm of Lauterbach & Amen, LLP, performed this audit for the fiscal year ended December 31, 2023. Their unmodified opinion on the basic financial statements is presented for this report. The Annual Comprehensive Financial Report is filed with the State Comptroller within six months after the close of the fiscal year. This report was prepared by the District's Finance Department who is responsible for both the accuracy of the presented information and the completeness and fairness of the presentation, including all disclosures. We believe the information, as presented, is accurate in all material aspects; it is presented in a manner designated to fairly set forth the financial position and results of District operations as measured by the financial activity of its various funds; and all disclosures necessary to enable the reader to gain the maximum understanding of the District's financial affairs.

Management's representations in the financial statements are only as reliable as the underlying information on which they are based. In developing and evaluating the accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, reliable financial records for preparing financial statements and maintainable accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. Accounting control is provided to adequately safeguard assets and provide reasonable assurance of proper recording of transactions.

The role of the independent audit, as required by the Illinois Compiled Statutes, is to provide an opinion on the fairness of management's representation in the financial statements. The independent audit firm of Lauterbach & Amen LLP, a firm of licensed Certified Public Accountants, provides an objective review of the District's financial statements. Their performance of tests and discussion with management provides users of these financial statements a reasonable basis for reliance on the enclosed reports. Their audit standards require a review that will obtain reasonable, rather than absolute, assurance that the financial statements are free of material misstatement and that the District's presentation is consistent with Generally Accepted Accounting Principles and other Governmental Accounting Standards. The audit includes examining, on a test basis, evidence supporting the amounts, accounting principles used, and significant estimates made by management.

Management's Discussion and Analysis (MD&A), immediately following the independent auditor's report, provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction for a greater understanding of the District's finances.

The Reporting Entity and its Services

The District provides recreational services and opportunities primarily to the residents of Palatine, Illinois. These services include recreational programs, parks management, recreation facility management, capital improvement development and general administration. The District maintains over 425 acres (and leases nearly 300 more) of property for the resident's enjoyment.

Located approximately 30 miles northwest of Chicago, the District was established as a separate municipal body by the citizens of Palatine in 1945. The District operates under a board-director form of government. The Board consists of five individuals who are elected from the District at large to serve six-year staggered terms. In nearly eighty years of service, it has grown in programs, facilities, and recreation importance in the lives of District residents. The current population served is just over 83,000 and includes residents in multiple communities within its borders.

The accompanying financial statements include only those funds of the District, as there are no other organizations for which it has financial accountability. The District participates in the Illinois Municipal Retirement Fund (IMRF), the Northwest Suburban Special Recreation Association (NWSRA), and the Metro Risk Management Agency (MRMA). Since these organizations are separately governed organizations, and the District does not exercise financial accountability over these agencies, their financial statements are not included in this report. Audited financial statements for these organizations are available upon request from their business offices.

The Board of Commissioners has the authority, after the first six months of the fiscal year and with a two-thirds approval vote, to make transfers between the various items in any fund in the appropriation ordinance. Transfers cannot exceed 10%, in the aggregate, of the total amount appropriated for the fund or item that has funds reallocated. The Board of Commissioners may amend the Budget and Appropriation Ordinance, but this must be done in accordance with the same procedure followed in the originally adopted ordinance.

Economic Condition and Outlook

In addition to being one of the larger suburbs north of Chicago, it is also one of the more financially stable. The District corporate offices and commercial developments have a solid middle-class residential base. Palatine's unemployment rate at the end of 2023 was 3.4% which is 1%-2% lower than state and national averages. The 2022 EAV increased by 17.9% or \$411,325,213. The District monitors potential tax policy changes by the State of Illinois through its relationship with the Illinois Association of Park District which allows the District to formulate contingency plans to operate without disruptions.

Long-Term Planning

2023 represented the eighth year for the District's Comprehensive Master Plan which was approved in the fall of 2015. As a result, the District has become far more strategically focused. Staff continues to review and assess the goals and objectives at the individual, department, and agency levels, to assure that the path to meeting the ten-year plan is maintained. Additionally, the District diligently monitors their 10-year Capital Repair and Replacement plan to help it manage resources during the annual budget preparation process. This allows for the assessment of the timeline and the availability of funds for the projects listed in both plans.

The primary focus of the District board and staff is to operate efficiently and effectively while providing the greatest value for its residents. For this reason, staff is constantly evaluating its program offerings while senior leadership, in cooperation with the Board, carefully discusses any large capital undertaking. Ongoing initiatives were developed, which along with the short-term initiatives, formed the basis for the 2023 annual budget. Mid and long-term goals will continue to be integrated into future budgets. To fund future activities and capital initiatives, the District has accumulated healthy reserves and all indications are that reserves will continue to grow in the near future. In addition to the use of unrestricted reserves, each year the District has access to unreserved debt capacity; therefore, the District may issue new debt as needed to fund its multi-year capital improvement plan.

Risk Management

The District is a member of the Metro Risk Management Agency (MRMA), which operates a comprehensive risk management program. MRMA provides loss coverage for workers' compensation and property damage claims on a partially self-funded basis. General liability, employment practices, and unemployment insurance are completely self-funded. The District's environment promotes an aggressive risk management program aimed at participant, instructor, and workplace safety.

Pension Benefits

The District participates in the Illinois Municipal Retirement Fund (IMRF), a 414(h) plan and employees may participate in a 457-retirement plan. The IMRF plan is a two-tiered defined benefit plan with the employee contributing 4.5 percent of their annual salary. Vesting for Tier 1 and Tier 2 occurs after eight and ten years respectively. The District is responsible for most of the pension costs and all of the disability and death benefits. The IMRF estimates that the pension is 97.7% funded as of 12/31/23. Employer rates are based on actuarially calculated annual required contributions (ARC). The District's employer rate in 2023 was 7.11%, down from the 2022 rate of 9.08%.

The District is also a trustee of the 457 plan, a defined contribution plan, which is fully funded by the employees. The District does not pay retirement health benefits.

Significant Events and Accomplishments

The Palatine Park District continues to move forward with strategic capital projects to offer our patrons access to enjoy exceptional recreation experiences. In 2023, the District's major accomplishments included: the playground at Eagle Park was replaced; the playground and shelter at Osage Park were replaced; HVAC improvements at the Senior Center, Family Aquatic Center – guard room, and Eagle pre-school; along with being awarded a \$499,900 OSLAD grant to develop Meadowlark Park.

The Palatine Park District continues to be one of the premier parks and recreation providers in Illinois. The District has designed program offerings to target national and regional trends that have resulted in exceptional recreation opportunities while maintaining low tax increases and modest increases in user fee revenues.

The District takes an active role in the community. The staff represents the District and often takes on leadership roles in Rotary, Kiwanis, the Chamber of Commerce, and other local community groups. The District is very proud to take honor in having met the standards and best practices set forth in the state program for the outstanding delivery of park and recreation services. The Palatine Park District is an Illinois distinguished accredited agency. In 2018, the District received the IAPD/IPRA Joint Distinguished Park and Recreation Award.

The Board of Commissioners remains committed to supporting membership and is involved in key organizations such as NRPA, IPRA, IGFOA and GFOA. The leadership is active in giving back to the industry and often serve as speakers at the Leadership Academy and Professional Development School.

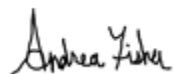

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) has created a program which recognizes deserving Agencies when they prepare quality financial statements. Since 2015 the District has received the Excellence in Financial Reporting award for its Annual Comprehensive Financial Report. Each year the District will make every effort to continue to achieve this lofty goal. With this year's submission, staff is confident that it will achieve this distinction.

Acknowledgments

This financial report was compiled through the greatly appreciated extreme efforts and diligence of the entire staff of the Finance Department, and the cooperation and assistance rendered by other departments. We also wish to express our appreciation to the Board of Commissioners for their leadership, interest, and support in planning and conducting the financial operations of the Palatine Park District in a responsible and progressive manner.

Respectfully submitted,

Andrea V. Fisher

INDEPENDENT AUDITORS' REPORT

June 10, 2024

Members of the Board of Commissioners
Palatine Park District
Palatine, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Palatine Park District (the District), Illinois, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Palatine Park District, Illinois, as of December 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor’s Responsibilities for the Audit of the Financial Statements - Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis, the budgetary comparison schedules, and supplementary pension and other post-employment benefit (OPEB) schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Palatine Park District, Illinois’ basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Palatine Park District, Illinois
June 10, 2024

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

PALATINE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

December 31, 2023

Our discussion and analysis of the Palatine Park District's (the District) financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2023. Please read it in conjunction with the District's transmittal letter which can be found in the introductory section of this report and the financial statements which can be found in the basic financial statements section of this report.

FINANCIAL HIGHLIGHTS

- The District's net position increased by \$1,703,531 or 2.2 percent, as a result of this year's operations.
- During the year, government-wide revenues totaled \$28,091,826, while expenses totaled \$26,388,295 resulting in an increase to net position of \$1,703,531.
- The District's net position totaled \$78,307,590 on December 31, 2023, which includes \$55,006,783 net investment in capital assets, \$3,366,900 subject to external restrictions, and \$19,933,907 unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported a decrease this year of \$2,039,804 or 10.8 percent, resulting in ending fund balance of \$16,871,216.
- The District retired \$1,560,000 in outstanding long-term debt during the year and did not issue new debt.
- Beginning net position/fund balances were restated to correct prior year levy payments for property taxes.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the District's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the District's property tax base and the condition of the District's parks and recreation facilities, is needed to assess the overall health of the District.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

PALATINE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

December 31, 2023

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements - Continued

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and charges for services. The governmental activities of the District include general government and culture and recreation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are considered governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The District maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Recreation, Debt Service and Capital Projects Funds, which are all considered major funds, and Special Recreation Fund, which is considered a nonmajor fund.

The District adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's I.M.R.F. employee pension obligations as well as budgetary comparison schedules for the General Fund and Recreation Fund.

PALATINE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

December 31, 2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the District, assets/deferred outflows exceeded liabilities/deferred outflows by \$78,307,590.

	Net Position	
	2023	2022
Current and Other Assets	\$ 48,630,614	48,945,616
Capital Assets	69,452,862	68,904,665
Total Assets	118,083,476	117,850,281
Deferred Outflows	4,850,896	1,975,857
Total Assets/ Deferred Outflows	122,934,372	119,826,138
Long-Term Liabilities	18,113,825	15,942,583
Other Liabilities	6,563,773	3,962,407
Total Liabilities	24,677,598	19,904,990
Deferred Inflows	19,949,184	22,567,563
Total Liabilities/ Deferred Inflows	44,626,782	42,472,553
Net Position		
Net Investment in Capital Assets	55,006,783	52,903,989
Restricted	3,366,900	11,954,316
Unrestricted	19,933,907	12,495,280
Total Net Position	78,307,590	77,353,585

A large portion of the District's net position, \$55,006,783, or 70.1 percent reflects its net investment in capital assets (for example, land, construction in progress, land improvements, buildings and improvements, furniture and fixtures, and equipment and vehicles), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$3,366,900, or 4.3 percent, of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining 25.5 percent, or \$19,933,907, represents unrestricted net position and may be used to meet the District's ongoing obligations to citizens and creditors.

PALATINE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

December 31, 2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

	Changes in Net Position	
	2023	2022
Revenues		
Program Revenues		
Charges for Services	\$ 8,663,575	7,793,512
Operating Grants/Contributions	5,501	10,502
Capital Grants/Contributions	11,000	—
General Revenues		
Property Taxes	16,937,407	17,193,294
Replacement Taxes	449,403	606,591
Other General Revenues	2,024,940	1,431,385
Total Revenues	<u>28,091,826</u>	<u>27,035,284</u>
Expenses		
General Government	12,467,764	7,409,274
Culture and Recreation	13,372,391	11,943,725
Interest on Long-Term Debt	548,140	622,578
Total Expenses	<u>26,388,295</u>	<u>19,975,577</u>
Change in Net Position	1,703,531	7,059,707
Net Position - Beginning as Restated	<u>76,604,059</u>	<u>70,293,878</u>
Net Position - Ending	<u><u>78,307,590</u></u>	<u><u>77,353,585</u></u>

Net position of the District's governmental activities increased by 2.2 percent (a restated \$76,604,059 in 2022 compared to \$78,307,590 in 2023). Unrestricted net position, the portion of net position that can be used to finance day-to-day operations without constraints, totaled \$19,933,907 at December 31, 2023, and increased from the prior year.

PALATINE PARK DISTRICT, ILLINOIS

Management’s Discussion and Analysis

December 31, 2023

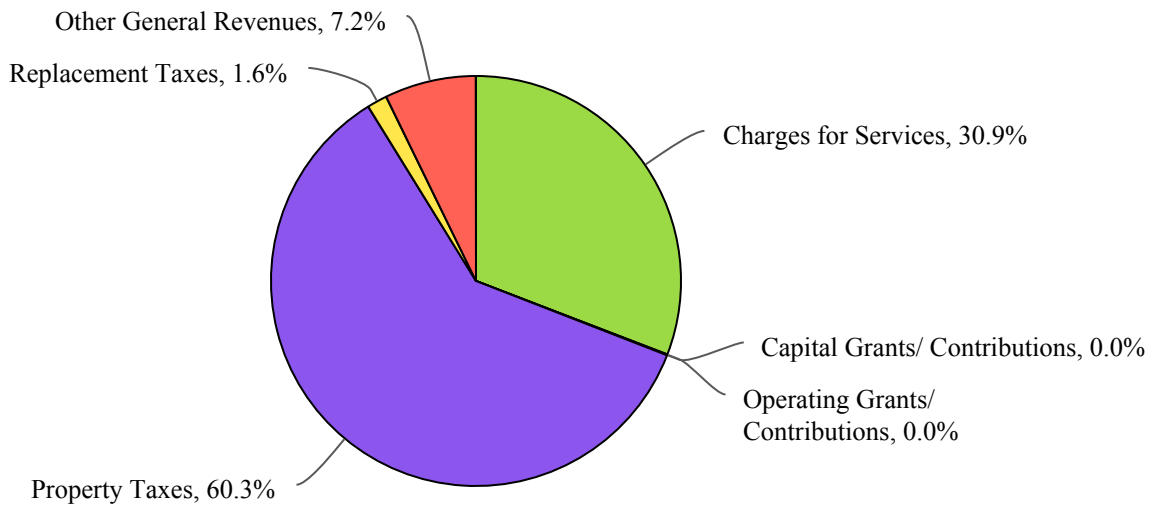

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities

Revenues for governmental activities totaled \$28,091,826, while the cost of all governmental functions totaled \$26,388,295. This results in an increase of \$1,703,531. In 2022, revenues of \$27,035,284 exceeded expenses of \$19,975,577, resulting in an increase of \$7,059,707. Most notably, the major contributor to the increase in net position was charges for services which increased by \$870,063 due primarily to an increase in program participation, followed by other general revenues which increased by \$593,555 in 2023 compared to 2022 due primarily to favorable market conditions.

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of property taxes and charges for services to fund governmental activities. It also clearly identifies the less significant percentage the District receives from replacement taxes, interest and miscellaneous income.

Management’s Discussion and Analysis

December 31, 2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities - Continued

The ‘Expenses and Program Revenues’ Table identifies those governmental functions where program expenses greatly exceed revenues.

FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

The District’s governmental funds reported combining ending fund balances of \$23,757,943, which is an increase of \$381,941, or 1.6 percent, from last year’s restated total of \$23,376,002. Of the \$23,757,943, \$8,714,310, or approximately 36.7 percent, of the fund balance constitutes unassigned fund balance.

The General Fund reported a decrease in fund balance for the year of \$2,039,804, or 10.8 percent. Revenues came in \$1,665,864 over budget and the District was budgeting for a decrease in fund balance of \$2,215,605. The operating decrease to the fund was \$843,562. This decrease was mainly due to a decrease in replacement taxes.

PALATINE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

December 31, 2023

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS - Continued

Governmental Funds - Continued

The General Fund is the chief operating fund of the District. At December 31, 2023, unassigned fund balance in the General Fund was \$8,714,310, which represents 51.7 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents 71.4 percent of total General Fund expenditures.

At December 31, 2023, the Recreation Fund had an increase in fund balance of \$2,474,610. The District budgeted for an increase in the Recreation fund balance of \$1,779,314 that reflected plans to return to normal operations. The increase to the fund balance is the result of unfilled positions in the Recreation Department in addition to budgeted programs not running.

The Bond and Interest Fund had an increase in fund balance of \$20,080. Ending fund balance of \$591,575 is restricted to future debt service related expenditures.

The Acquisition and Improvements Fund recognized a modest increase in fund balance after General Fund and Recreation Fund transfers of \$2,917,462 were approved.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the current fiscal year, the General Fund had no budget amendments. Actual revenues for the year totaled \$11,362,090 compared to budgeted revenues of \$9,696,226. Property tax revenues were \$345,649 over budget and replacement taxes were also over budget by \$307,313. General Fund actual expenditures for the year were \$1,490,063 over budget (\$12,205,652 actual compared to \$10,715,589 budgeted).

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's net investment in capital assets for its governmental activities as of December 31, 2023 was \$69,452,862 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, land improvements, buildings and improvements, furniture and fixtures, and equipment and vehicles).

PALATINE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

December 31, 2023

CAPITAL ASSETS AND DEBT ADMINISTRATION - Continued

Capital Assets - Continued

	Capital Assets - Net of Depreciation	
	2023	2022
Land	\$ 33,737,978	33,737,978
Construction in Progress	823,270	261,727
Land Improvements	12,423,615	12,221,081
Buildings and Improvements	20,245,172	20,655,917
Furniture and Fixtures	32,612	47,825
Equipment and Vehicles	2,190,215	1,980,137
Total	<u>69,452,862</u>	<u>68,904,665</u>

This year's major additions included:

Construction in Progress	\$ 619,627
Land Improvements	1,299,684
Buildings and Improvements	671,528
Equipment and Vehicles	<u>372,501</u>
	<u>2,963,340</u>

Additional information on the District's capital assets can be found in Note 3 of this report.

PALATINE PARK DISTRICT, ILLINOIS

Management’s Discussion and Analysis

December 31, 2023

CAPITAL ASSETS AND DEBT ADMINISTRATION - Continued

Debt Administration

At year-end, the District had total outstanding debt of \$14,310,000 as compared to \$15,870,000 the previous year, a decrease of \$1,560,000. The following is a comparative statement of outstanding debt:

	Long-Term Debt Outstanding	
	2023	2022
General Obligation Bonds	<u>\$ 14,310,000</u>	<u>15,870,000</u>

The District maintains an Aa1 rating from Moody’s for general obligation debt. State statutes limit the amount of general obligation debt a non-home rule governmental entity may issue to 2.875 percent of its total assessed valuation. The current debt limit for the District is \$77,967,463.

Additional information on the District's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES

The District’s elected and appointed officials considered many factors when setting the fiscal-year 2024 budget, tax rates, and fees that will be charged for its governmental activities. Those factors included the economy, unemployment rates, CPI, etc. Although the District considers the economy in setting rates and fees during the budget process, the District does not feel that these economic factors will have a significant bearing on District operations in the coming year.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Office of the Director of Finance, Palatine Park District, 250 East Wood Street, Palatine, IL 60067.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

The notes to the financial statements are an integral part of this statement.

PALATINE PARK DISTRICT, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the
Governmental Funds to the Statement of Activities - Governmental Activities
For the Fiscal Year Ended December 31, 2023**

Net Change in Fund Balances - Total Governmental Funds \$ 381,941

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	2,963,340
Depreciation Expense	(2,383,836)
Disposals - Cost	(213,500)
Disposals - Accumulated Depreciation	182,193

The net effect of deferred outflows (inflows) of resources related
to the pensions not reported in the funds.

Change in Deferred Items - IMRF	7,831,448
Change in Deferred Items - RBP	16,560

Revenues in the Statement of Activities that do not provide current financial
resources are not reported as revenue in the governmental funds.

(327,331)

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Change in Net Pension Liability/(Asset) - IMRF	(8,218,659)
Change in Total OPEB Liability - RBP	(23,832)
Change in Compensated Absences Payable	(62,686)
Retirement of Debt - Net	1,632,659
Amortization of Refunding Loss	(78,062)

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Palatine Park District (District) of Illinois operates under a commissioner-director form of government and is governed by an elected five-member board. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is both legally and substantively separate from the government. Management has determined that there are no fiduciary component units that are required to be included in the financial statements of the District as pension trust funds and there are no discretely component units to include in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The District's culture and recreation and general administrative services are classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government, culture and recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, charges for services, interest income, etc.).

The District does not allocate indirect costs. An administrative and maintenance service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, legal, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. All of the District funds are reported as governmental funds. An emphasis is placed on major funds within the governmental category.

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The District electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is a primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains two special revenue funds. The Recreation Fund, a major fund, is used to account for the operations of the District's recreational programs and concessions. Financing is provided from an annual property tax levy restricted by the state for recreation purposes and fees and charges for programs and activities assigned for recreation purposes.

Debt service funds are used to account for the accumulation of resources for the payment of general long-term debt principal, interest and related costs. The Bond and Interest Fund, a major fund, is used to account for restricted, committed or assigned resources required for the payment of principal and interest.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Acquisitions and Improvement Fund, a major fund, is used to account for the acquisition and construction of major capital facilities. Financing is provided by transfers from other funds and grants and donations.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Measurement Focus - Continued

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the “economic resources” measurement focus is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Cash and Investments - Continued

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes.

Prepays/Inventories

Inventories/prepays are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories/prepays are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Capital Assets

Capital assets purchased or acquired with an original cost of more than \$250,000 for infrastructure, \$50,000 for buildings and building improvements and \$10,000 for furniture, fixtures, equipment, and vehicles and an estimated useful life in excess of three years, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets - Continued

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements	10 - 30 Years
Buildings and Improvements	10 - 50 Years
Furniture and Fixtures	5 - 20 Years
Equipment and Vehicles	5 - 20 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits.

All vacation pay is accrued when incurred in the government-wide fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Long-Term Obligations - Continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumption that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with GAAP. Annual appropriated budgets are adopted for the General, Special Revenue, Debt Service, and Capital Projects Funds.

The budget is prepared by fund, function and activity and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

BUDGETARY INFORMATION - Continued

The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget.

The budget may be amended by the governing body. The original and final operating budget is presented in these financial statements.

Expenditures may not legally exceed budgeted appropriations at the fund level.

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUND

The following fund had an excess of actual expenditures over budget as of the date of this report:

Fund	Excess
General	\$ 1,490,063

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Public Reserve Investment Management Trust.

The Illinois Public Reserves Investment Management Trust (IPRIME) is an investment opportunity and cash management service for Illinois Municipal Treasurers acting on behalf of counties, townships, cities, towns, villages, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, and all other political corporations or subdivisions of the State of Illinois. Participation in IPRIME is voluntary. IPRIME is not registered with the SEC as an Investment Company. Investments in IPRIME are valued at the share price, the price for which the investment could be sold.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Deposits. At year-end, the carrying amount of the District’s deposits totaled \$9,204,508 and the bank balances totaled \$10,132,134.

Investments. The District has the following investment fair values and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1-5	6-10	More Than 10
IPRIME \$	2,458,266	2,458,266	—	—	—
U.S. Treasury Securities	16,371,018	14,574,143	1,796,875	—	—
Totals	18,829,284	17,032,409	1,796,875	—	—

The District has the following recurring fair value measurements as of December 31, 2023:

- Illinois Public Reserves Investment Management Trust (IPRIME) of \$2,458,266 are valued using the Net Asset Value (NAV)
- U.S. Treasury Securities of \$16,371,018 are valued using quoted market prices (Level 1 inputs)

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District limits its exposure to interest rate risk by structuring its portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in shorter-term securities.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. In order to limit its exposure to credit risk, the District’s investment policy limits the District’s investments to the safest types of securities: pre-qualified financial institutions, broker/dealers, intermediaries and advisors with which the District does business and diversifies the investment portfolio so that potential losses on individual securities will be minimized. At year-end, the District’s investment in IPRIME was rated AAAM by Standard & Poor’s.

Concentration Risk. Concentration risk is the risk of loss attributed to the magnitude of the District’s investment in a single issuer. The investment policy does not include any limitations on individual investment types. At year-end, the District does not have any investments over 5 percent of the cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral to be held in the name of the District by the District's agent with a market value of at least 102% for all bank balances in excess of federal depository insurance. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. To limit its exposure, the District's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held in a custodial account with the trust department of an approved financial institution. The District's investment in IPRIME and US Treasury Securities are not subject to custodial credit risk.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
General	Bond and Interest	\$ 2,483,758
Bond and Interest	General	1,215,126
Acquisition and Improvements	General	2,464,874
Acquisition and Improvements	Special Recreation	<u>452,588</u>
		<u><u>6,616,346</u></u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them.

SERVICE CONCESSION AVAILABILITY PAYMENT ARRANGEMENTS FOR GOLF COURSE MANAGEMENT

In accordance with the agreement between the District and a management company dated January 9, 2023, the management company agrees to perform operational and maintenance services for the Golf Facilities of the District's golf course. In return, the company makes installment payments to the District. For 2023 through 2025, the company must pay \$34,128 per year in nine equal payments of \$3,792. For 2026, the company must pay of \$47,628 per year in nine equal payments of \$5,292 per month. For 2027, the company must pay of \$61,128 per year in nine equal payments of \$6,792 per month.

In 2023, the management company made installment payments totaling \$34,128 for Palatine Hills Golf Course Clubhouse. As of December 31, 2023, the District received a total of \$34,128 in revenue from the management company. The District reports golf courses and related assets as a capital asset with a carrying amount of \$159,307 and deferred inflows of resources in the amount of \$148,940 for fiscal year 2023.

PROPERTY TAXES

Property taxes for 2022 attach as an enforceable lien on January 1 on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments on or about March 1 and August 1. The County collects such taxes and remits them periodically.

NOTES RECEIVABLE

The District has executed notes receivable to various organizations utilizing and seeking to improve District facilities. As of December 31, 2023, these notes range in principal from \$0 to \$92,738 and total \$240,738 which is recorded in the General Fund. Payments are due in annual installments ranging from \$6,000 to \$110,000 over the remaining life of the notes receivable with interest ranging from zero to 4.25%, maturing between 2025 and 2031.

In the current year, the agreement with Palatine Celtic Soccer Club was fully matured.

SHORT-TERM DEBT

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. The schedule below details the changes in short-term debt for the year-ended December 31, 2023:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
Taxable General Obligation Limited Tax Park Bonds of 2023, due in one installment of \$1,280,000 plus interest at 4.55% on April 7, 2023.	\$ —	1,280,000	1,280,000	—

LONG-TERM DEBT

Alternate Revenue Source Bonds

The District issued the Series 2017 General Obligation Alternate Revenue Source Bonds to provide the District's contribution to the construction of the Aquatic Area at Harper College in accordance with an intergovernmental agreement. These bonds are payable from a pledge money lawfully available in the District's general fund and proceeds of the District's non-referendum general obligation bonds to be issued.

The remaining pledge of the General Fund, if necessary, is taken from revenues available to the District in the following order: unbudgeted miscellaneous revenues, investment income and replacement tax. Should that be insufficient, the District would charge such excess to the General Fund's accumulated fund balance. The remaining pledge of moneys lawfully available in the District's corporate fund and proceeds of the District's non-referendum general obligation bonds to be issued is displayed in Legal Debt Margin, debt service requirements to maturity, with the pledge expiring December 15, 2036, when the bonds are paid off.

NET POSITION/FUND BALANCE RESTATEMENTS

Beginning net position/fund balances were restated to correct prior year levy payments for property taxes. The following is a summary of the net position/fund balances as originally reported and as restated:

<u>Net Position/Fund Balance</u>	<u>As Reported</u>	<u>As Restated</u>	<u>Decrease</u>
Governmental Activities	\$ 24,239,058	23,331,754	(907,304)
General	19,449,476	18,911,020	(538,456)
Recreation	2,583,260	2,376,792	(206,468)
Debt Service	690,051	571,495	(118,556)
Special Recreation	1,516,271	1,472,447	(43,824)

NET INVESTMENT IN CAPITAL ASSETS

Net investment in capital assets was comprised of the following as of December 31, 2023:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 69,452,862
Plus: Unamortized Refunding Loss	427,849
Less Capital Related Debt:	
General Obligation ARS Refunding Park Bonds of 2015C	(3,060,000)
General Obligation Limited Tax Refunding Park Bonds of 2015D	(1,955,000)
General Obligation ARS Park Bonds of 2017	(8,820,000)
General Obligation Refunding Park ARS Bonds of 2019A	(475,000)
Unamortized Bond Premium	<u>(563,928)</u>
Net Investment in Capital Assets	<u><u>55,006,783</u></u>

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's policy manual states that the General Fund should maintain a minimum assigned and unassigned fund balance equal to four months of budgeted operating expenditures. The Recreation Fund should maintain a minimum assigned fund balance of no less than three months of budgeted operating expenditures.

NOTE 4 - OTHER INFORMATION

CONTINGENT LIABILITIES

Litigation

From time to time, the District is party to various pending claims and legal proceedings with respect to employment, civil rights, property taxes and other matters. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the District attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the District's financial position or results of operations.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

JOINT GOVERNED ORGANIZATION - NORTHWEST SPECIAL RECREATION ASSOCIATION

The District is a member of the Northwest Special Recreation Association (NWSRA), which was organized by 18 area park districts in order to provide special recreation programs to the physically and mentally handicapped within their districts and to share the expenses of such programs on a cooperative basis. Each member district's fiscal year 2023 contribution is based on its pro rata share of 75% of the assessed valuation and 25% of the gross populations. For the year ended December 31, 2023, the District contributed \$476,374 to NWSRA.

NWSRA's Board of Directors consists of one member from each participating district. The Board of Directors is the governing body of NWSRA and is responsible for establishing all major policies and changes therein and for approving all budgets, capital outlay, programming and master plans. The District is not financially accountable for the activities of NWSRA and, accordingly, NWSRA has not been included in the accompanying financial statements. Complete financial statements for NWSRA can be obtained from NWSRA administrative offices at 3000 Central Road, Rolling Meadows, Illinois 60008.

PALATINE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT

The District is exposed to various risks of loss to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters. The District has purchased insurance from private insurance companies. Risks covered included certain types of liabilities and bonds. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Metro Risk Management Agency

Since 1987, the District has been a member of the Metro Risk Management Agency (MRMA), a joint risk management pool of park districts through which property, general liability, automobile liability, crime, boiler and machinery, public officials and workers' compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of MRMA's Program, the District is represented on the MRMA Board of Directors and is entitled to one vote. The relationship between the District and MRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to MRMA, to report claims on a timely basis, cooperate with MRMA, its claims administrator and attorneys in claims investigation and settlement and to follow risk management procedures as outlined by MRMA.

The District does not exercise any control over the activities of MRMA beyond its representation on the Council and Membership Assembly.

Members have a contractual obligation to fund any deficit of MRMA attributable to a membership year during which they were a member. The District is not aware of any supplemental assessments owed to MRMA for the past claim year.

MRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the MRMA Board of Directors. MRMA also provides its members with risk management services, including the defense of and settlement of claims and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

RISK MANAGEMENT - Continued

Metro Risk Management Agency - Continued

The following represents a summary of MRMA's Property/Casualty Program's balance sheet at March 31, 2023 (the most recent information available) and the statement of revenues and expenses for the period ended March 31, 2023. The District made payments of \$3,610,497 to MRMA during the year ended December 31, 2023.

Assets	\$	8,777,531
Liabilities		7,881,872
Member Balances		1,984,714
Revenues		22,382
Expenses		3,172,788

Complete financial statements for MRMA can be obtained from MRMA's administration offices at P.O. Box 516, Northbrook, Illinois 60062.

Intergovernmental Personnel Benefit Cooperative

The District participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi governmental and nonprofit public service entities.

IPBC receives, processes and pays such claims as may come within the benefit program of each member. Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers: a Benefit Administrator and a Treasurer. The District does not exercise any control over the activities of IPBC beyond its representation on the Board of Directors.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Plan Membership. As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	130
Inactive Plan Members Entitled to but not yet Receiving Benefits	131
Active Plan Members	<u>117</u>
Total	<u><u>378</u></u>

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the fiscal year-ended December 31, 2023, the District's contribution was 7.11% of covered payroll.

Net Pension Liability. The District's net pension liability was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2022, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.75%
Inflation	2.25%

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued. For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	25.50%	4.90%
Domestic Equities	35.50%	6.50%
International Equities	18.00%	7.60%
Real Estate	10.50%	6.20%
Blended	9.50%	6.25% - 9.90%
Cash and Cash Equivalents	1.00%	4.00%

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the District calculated using the discount rate as well as what the District's net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net Pension Liability	\$ 8,345,748	3,754,920	29,101

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Palatine Park District's Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. The District provides post-employment health care and life insurance benefits to its retirees. To be eligible for implicit benefits, an employee must qualify for retirement under the District's retirement plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual. The retirees pay 100% of the blended premium.

Plan Membership. As of December 31, 2023, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	4
Inactive Plan Members Entitled to but not yet Receiving Benefits	—
Active Plan Members	<u>113</u>
Total	<u>117</u>

Total OPEB Liability

The District's total OPEB liability was measured as of December 31, 2023, and was determined by an actuarial valuation as of December 31, 2022.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such schedules include:

- Budgetary Comparison Schedules - Major Governmental Funds
- Budgetary Comparison Schedule - Nonmajor Governmental Fund

INDIVIDUAL FUND SCHEDULES

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for the operations of the District's recreational programs and concessions. Financing is provided from an annual property tax levy restricted by the state for recreation purposes and fees and charges for programs and activities assigned for recreation purposes.

Special Recreation Fund

The Special Recreation Fund primarily pays for the District's membership in the NWSRA, other programs that target specific populations and facilities that also target specific populations. Financing is provided by a specific restricted annual property tax levy.

DEBT SERVICE FUND

The Debt Service Funds are used to account for the accumulation of resources for the payment of general long-term debt principal, interest and related costs.

Bond and Interest Fund

The Bond and Interest Fund is used to account for restricted, committed or assigned resources required for the payment of principal and interest.

CAPITAL PROJECTS FUND

The Capital Projects Fund are used to account for financial resources to be used for the acquisition or construction of major capital facilities, equipment, and capital asset replacements.

Acquisition and Improvement Fund

The Acquisitions and Improvement Fund is used to account for the acquisition and construction of major capital facilities. Financing is provided by grants and donations.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Village of Hoffman Estates	91,382,515	3.48%	3,176,967
Village of Palatine	30,240,000	94.69%	28,633,856
Village of Schaumburg	300,305,000	3.60%	10,801,236
Palatine Public Library District	3,695,000	85.30%	3,151,874
Long Grove Fire Protection District	15,640,000	7.69%	1,202,715
Total Overlapping Debt	<u>5,679,403,340</u>		<u>238,859,559</u>
Total Direct and Overlapping Debt	<u><u>5,694,277,268</u></u>		<u><u>253,733,487</u></u>

*The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the District's taxable assessed value that is within the government's boundaries and dividing it by the District's total taxable assessed value.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the District. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt, of each overlapping government.

Data Sources: Cook County Clerk's Office, Lake County Clerk's Office of Local Government Entity.
